Summary

A Fellow and Project Assistant at Meridian Institute with a background in environmental policy, agriculture and food security, water management, and community resilience. Graduated from Georgetown University with a degree in Science, Technology, and International Affairs. Academic and professional experience have focused on the intersection of environmental issues and social issues and the development of creative policies and actions that further equity and justice.

Meridian Experience

Meridian Institute

2016–Present

Meridian Institute designs and facilitates collaborative processes that help diverse parties identify critical issues, build relationships and trust, construct innovative solutions, and implement durable decisions. These collaborative processes address challenges at the local, state, national, and international levels, and involve leaders from government agencies, industry, nongovernmental organizations, and international institutions. Meridian also assists organizations in conducting strategy development and planning.

Fellow and Project Assistant

Provides research, writing, and support for policy dialogues, negotiations, and strategy development projects involving facilitators and outside parties. Assists in the preparation of reports, meeting summaries, meeting materials, press releases, and other communications. Specific project highlights include:

- Member of the Meridian team working on a collaborative effort to accelerate the transition to sustainable fisheries in Indonesia and beyond. Specifically, provided process design support to the Economist Intelligence Unit, to ensure that productive discussion at key international meetings was aligned with our partners' interests.
- Please see <http://merid.org/staff/moctavio> for a full list of projects completed.

Previous Experience

Mellon Sawyer Seminar

Washington, DC

2017
